Introducing new project-based testing for Microsoft Office Specialist Excel 2013.

Our cutting-edge Excel 2013 certification program gives testing candidates practical, performance-based scenarios to gauge their real-world capabilities with project and standards-based outcome testing.

Certified candidates will demonstrate the fundamentals of creating and managing worksheets and workbooks, creating cells and ranges, creating tables, applying formulas and functions and creating charts and objects.

To make the 2013 exam more helpful, we’ve replaced individual tasks with comprehensive, project-based testing. This live-in-the-application environment confirms that certified individuals have demonstrated the ability to complete a realistic Microsoft Office Specialist Excel 2013 project.

Certiport makes Excel certification as easy as 1-2-3 with a unique, three step pathway:

- **Learn**
  Learn how to use Microsoft Office using content-rich materials including textbooks, online eCourseware, and video resources.

- **Practice**
  Practice using interactive exam preparation tools and practice exams.

- **Certify**
  Certify and validate skills taking Certiport performance-based exams.
Evolve.
